Atiamuri

Designed around three pavilions, this home combines expansive layout and modern styling. Inside, this home includes three living areas, one casual, one media and a kids-zone/ lounge. The master is set in its own pavilion with a nearby study located just off the foyer, (perfect for that home office). If you like a home that really sprawls out over your property with modern, architectural styling, this is it!

Floor Area: 259m²
