Ohakuri

This home is designed with two offset pavilions helping maximise your lifestyle section for views and sheltered outdoor living options. Features inside include four bedrooms, dual-living, a study, scullery and plenty of storage. Right from the time you enter the foyer, you'll be greeted with a view shaft out, over your property and smartly designed living spaces. This is an architectural dream, just waiting to be realised!

Floor Area: 268m²
